

# New Visitor Parking Rates

**\*\*Effective April 1<sup>st</sup>, 2011\*\***

York Central Hospital has recently completed an annual review of its visitor parking rates. As a result, of the review and survey of other hospitals within our LHIN, visitor parking rates will be increased effective April 1, 2011.

Please see the below for new rates:

	<b>½ Rate</b>	<b>Daily Max</b>	<b>Daily In and Out</b>	<b>Weekly</b>	<b>Monthly</b>
<b>New 2011 Parking Rates</b>	<b>\$4.00</b>	<b>\$17.00</b>	<b>\$22.00</b>	<b>\$47.00</b>	<b>\$95.00</b>

Parking revenues are used to cover the costs for proper maintenance of the public lots and grounds throughout the year. In addition, any parking revenue surpluses are used to support hospital programs and improve patient care.

We greatly appreciate the financial support we receive from parking rates that enable us to provide better health care.
